

Team Rules:

1. Don't be rude.
 2. Document your code as you write it.
 3. Inform the entire group when you want to merge your work to github.
 4. Let the group know if you have any big exams coming up and if you are unable to complete your work alone.
 5. Give notice if you will be unable to attend a meeting .
 6. PM makes all final merges after reviewing code .
 7. Implement functionality before working on ui design .
 8. Make your code easy to read and easy to understand.
 9. When in doubt, ask questions and brainstorm.
